Worksheet #5: Computation Graphs for Async-Finish and Future Constructs

Name: _____

NetID:

- 1) Can you write pseudocode with <u>async & finish</u> constructs that generates a Computation Graph with the same ordering constraints as the graph on the right? If so, provide a sketch of the program. If not, why not?
- 2) Can you write pseudocode with <u>future & get</u> constructs that generates a Computation Graph with the same ordering constraints as the graph on the right? If so, provide a sketch of the program. If not, why not?

Use the other side of the worksheet for your answers
