- Note: Your reservation will not go through if the length of the reservation exceeds the limit of allotted time set for that item or if there is a conflict of availability with another request on that item
- Click *Send Request*.

- You will see a message in green like below indicating your reservation has been fulfilled.

Your request was successfully placed

- Or you will see a message in red like below indicating your reservation failed.

Failed to save the request: Request conflicts were found.

- Under your library account, go to My Requests, you can view all your equipment reservations and cancel any reservations.

### 3. Check Availability

- Select *Check Availability*

- If the item is unavailable, there will be red boxes highlighting when the equipment has already been reserved
- If the item is unavailable for the whole day, there will simply be a box at the top labeled *Unavailable 00:00-23:59*

Note: You **can not** select a reservation date and time on this *Check Availability* calendar. The calendar allows you to view the equipment status. It does not let you choose a date or time for reservation.

#### Tips and tricks

- If the calendar buttons are missing from the Request Item window, make the browser window bigger to bring back the calendar buttons so that you can select a reservation date.
